

June 28, 2019

Dear Grade Two Families,

To complement our Physical Education program, the grade two students will be participating in swimming lessons at Fountain Park Pool. Students will receive 240 minutes of swimming instruction over 4 classes.

These lessons will take place once a week starting in October. Dates and times will be sent home in September once they have been confirmed. Permission forms and requests for payment will also be sent home at that time.

We sincerely hope this information is helpful to you in planning your fall activities and swim lessons for your child.

See you soon!
